FOR IMMEDIATE RELEASE

A.I.R. is pleased to announce an exhibition of paintings and drawings by Regina Granne. The work will be on view from March 28 through April 15, 1995.

These new figurative paintings and drawings of Ms. Granne do not lend themselves to any "ism" or "ist" -- they are undeniably only Ms. Granne's. The paintings demonstrate her singular voice. The drawings demonstrate what these paintings are based upon -- the pursuit of integrity to an idea.

Although this new work is formal, in a real sense of that word, it provokes thought. The paintings and drawings are from a female perspective and the work illuminates the tradition it continues: This work is uncompromisingly visual. And as Stephen Westfall says in his short essay on the announcement: "The ironies are rich and extensive, and so are the visual pleasures provided by Granne's paintings."

A.I.R. is located at 40 Wooster Street between Broome and Grand Streets. Hours are 11am-6pm Tuesday through Saturday.
